

This document contains two figures and two formulas.

One of each type is tagged with an alternative text, the other is not. They should pass or fail as expected.

Ignore the table structure correctness in testing.

	Figure	Formula
With alt text	 A blue circular logo featuring a white silhouette of a grackle. The words "GRACKLE CERTIFIED" are written in white, uppercase letters along the top inner curve of the circle. Below the circle is a blue banner with the word "ACCESSIBLE" in white, uppercase letters.	$x^2 + y^2 = 1$
Without alt text	 A blue circular logo featuring a white silhouette of a grackle. The words "GRACKLE CERTIFIED" are written in white, uppercase letters along the top inner curve of the circle. Below the circle is a blue banner with the word "ACCESSIBLE" in white, uppercase letters.	$x^2 + y^2 = 1$

Test these:

FigureHasAltText, FormulaHasAltText

Results:

1 pass and 1 fail (error) for each type.
